# IMPROVING THE ENERGY BALANCE OF THE URBAN WATER CYCLE

**FINAL EVENT – Tuesday 9<sup>th</sup> JUNE 2015 – Métropole européenne de Lille**

Over the last 4 years the “Métropole Européenne” of Lille has worked with 9 European partners on an EU INTERREG IVB project entitled INNERS, which has explored a range of Innovative Energy Recovery Strategies within the urban water cycle (<http://inners.eu>). This event in a series of European roadshows aims at showcasing the results of this wide-ranging project.
